## THE STATE OF NEW HAMPSHIRE

---

To the inhabitants of the Town of Campton in the County of Grafton in said State, qualified to vote in town affairs.

You are hereby notified to meet at Town Hall in said Campton on Tuesday, the eighth day of March next, at nine of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
3. To take the sense of the qualified voters upon the proposed amendments to the Constitution.
4. To see if the town will vote to qualify for State aid for highways under the law passed at the January session 1905, with amendments.
5. To see what sum of money the town will vote to raise for the permanent improvement of the highways for the ensuing year.
6. To raise and appropriate money for the maintenance of its trunk line highways as required by law.
7. To raise and appropriate money for the maintenance of its State Aid roads as required by law.
8. To see how much money the town will vote to raise and appropriate for the support of its highways and bridges.
9. To see if the town will vote to authorize the selectmen to hire money to defray town charges.
10. To see how much money the town will vote to raise and appropriate for Campton Cemetery, also to clean up and fence other cemeteries in town.

11. To see how much money the town will vote to raise for Memorial Day.
12. To see what action the town will take regarding the money raised last year for a Soldiers' Memorial and to pass any vote relating thereto.
13. To see how much money the town will vote to raise and appropriate for the support of the Emily Balch and Soldiers' and Sailors' Memorial Hospital.
14. To see if the town will vote to discontinue the highway leading from the residence of the late James H. Adams to the State Aid Road near the iron bridge at the Lower Village.
15. To see if the town will vote to discontinue the highway from B. F. Stickney's to the Joseph Sawyer place.
16. To see if the town will vote to discontinue the highway leading from the residence of O. M. Page to the Pegwood Hill Road.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

Mr. Chairman and Members of the School Board:

I have the pleasure to submit for your consideration my second annual report of the Campton School District. This report includes the full report of the school year closing August 31, 1920, and a partial report for the present school year.

The September school census showed 98 boys and 80 girls or a total of 178 children between ages of 5 and 16 years. There were 164 pupils attending the local schools September 30, 1920, and 12 were attending high school outside of the district. No child physically fit, of the compulsory school age, was reported as not attending school.

The per cent of attendance for the district last year was 94 and for the different schools as follows: Village 98, Lower Village 94, Center 91, Blair 92, Beebe River—Grammar 92, Beebe River—Primary 94, Bog 97, Pulsifer Hill 92 and Hildreth 97.

The following ten pupils had a record of perfect attendance, that is, they were neither absent nor tardy during the year: Village school—Amos Avery, Eunice Baker, Elwin Edgell, Reta Edgell; Bog school—Vera Nelson; Pulsifer Hill—Alice Still; Hildreth school—Howard Chase, Eleanor Hussey, Norman Hussey, Abbie Houghton. The following had a perfect record for two terms: Village school—Olive Edgell; Beebe River—Joseph Araldi, Wilbur Carr, Harold Straw, Harold Beek; Blair—Lewis M. Hill; Bog—Ellen Tyler.

The Center schoolroom was whitened, painted and varnished; screens were built to conceal the entrances to toilets at the Bog and Hildreth schools; some slate boards purchased for the Blair school; and a few other minor repairs made as needed for the different schools.

To better accommodate a number of small children living near Livermore Falls, a school was opened there in September with Mrs. Olive J. Adams as

teacher. I think the results must be satisfactory to the parents.

Standard group tests have been given in various studies as a measurement of results. These tests show the weak as well as the strong points in our teaching. These facts we are facing and making a strenuous effort to strengthen the weak spots. The parents may assist in this by seeing that their children are in school regularly and on time.

The school survey corrected to November 1, 1920, shows the following results: 3.2 per cent of children are precocious, 61.4 per cent at age, and 35.4 per cent retarded. The pupils retarded one or more years in a school system should be not more than 20 per cent.

Doctors H. A. Cheney and F. J. Drury examined 123 school children during the year ending August 31, 1920, and reported the following cases: Malnutrition 4, defective vision 42, defective hearing 2, anaemia 3, cardiac disease 14, skin disease 1, orthopedical defects 1, defective teeth 79, hypertrophical tonsils 35, adenoids 28, enlarged glands 12, and unvaccinated 12—all but two with proper excuse.

The two schools in Campton village may contain all grades of the elementary school—1 to 8. If those two schools could be combined so that the pupils of the lowest grades (1-4) could be in one school and those of the upper grades (5-8) in the other, more satisfactory results would be possible in both. This would mean a longer walk for the pupils and the necessity of more pupils taking their lunches. Arrangements could be made at a slight expense to prepare something warm, as cocoa or soup, for those children who would have to remain for lunch. This is a question for the patrons of the two schools to consider as the cost to the district is the same in either case.

Both of the village school buildings are in need of repairs. The lighting is very defective and for the sake of the children something should be done to remedy the condition. It has been suggested, rather than to repair the two buildings, that a new structure be erected in their place to accommodate all of the

children in the village. This is surely a worthy question for consideration by the citizens of Campton.

To meet the minimum state requirements for school buildings, the toilets at the Center and Beebe River will have to be repaired and the lighting corrected in some of the buildings.

The following data may be of interest: The district maintained nine schools last year and ten this. The average number of days the schools were actually in session (1919-1920) was 175 with an average attendance of 120. There were 251 cases of tardinesses. The average annual salary of teachers was \$572. Five held licenses and four permits to teach.
